

6 deleted scenes that prove the book isn't always better - Tolkien's Lord of the Rings defined the fantasy genre so hard that it'd have been stupid for all the other fantasy writers in the world not to rip him off but it's also probably one of the least cinematic novels you'll ever find this side of Ayn Rand see as we've already pointed out Tolkien wasn't actually a novelist at all he was a stodgy old linguistics professor with an awesome pipe, **finding a book when you've forgotten its title the new** - so I'm not sure the name of this book but I've been searching for it it's about younger siblings who died in a car accident in the woods but wake up 5 months later realizing they are dead there was a monster pirate kind of like thing who sunk into the earth and clawed his way out after 50 years he chases them and hunts them down if you guys know the name of the book please let me know if, **better best forgotten wikipedia** -
