

## Projectile Motion Phet Simulations Lab Answers - sun365.me

**projectile motion kinematics phet** - blast a car out of a cannon and challenge yourself to hit a target learn about projectile motion by firing various objects set parameters such as angle initial speed and mass explore vector representations and add air resistance to investigate the factors that influence drag, **the moving man position velocity acceleration phet** - learn about position velocity and acceleration graphs move the little man back and forth with the mouse and plot his motion set the position velocity or acceleration and let the simulation move the man for you, **balanced and unbalanced forces physicsclassroom com** - newton s first law inertia and mass state of motion balanced and unbalanced forces newton s first law of motion has been frequently stated throughout this lesson an object at rest stays at rest and an object in motion stays in motion with the same speed and in the same direction unless acted upon
